

## HOW TO HELP MOTORFLEET TO HELP YOU, OUR CLIENT.....

We provide a full service car broking service to private & business clients large and small, and offer all relevant additional facilities such as finance, extended warranties, tinting, paint protection etc etc. We are truly a one stop shop, saving **YOU** time, to concentrate on your day, doing what **YOU** do best, rather than spending hours trudging around the car yards!

Our specialist experience cuts out all the bull, hype and hassle, as we have a huge number of valuable relationships with the best dealers in Australia, who work with us to give **YOU** the customer, an excellent and great value experience when acquiring your new car(s)

### HOW IT WORKS.....

When you engage our services (at no cost to you, remember) – let **US** handle everything for you – after all – its what we do ! - Here are some specifics....

- 1 If you wish to see and/or test drive a car, or cars, we are more than happy to arrange that for you, in this way you will not get harassed or have your time wasted.
- 2 If you “drop in” to a dealer prior to us letting them know you are “our client”, we will then not be able to use that dealer to your benefit, as they will no doubt obtain your contact details and tag you as “their client” (meaning that we will then have to use another dealer on your behalf)
- 3 Our relationships with our dealers, suppliers and finance companies have been built up over a long period (we have been trading for over 13 years) so, to help us to help you achieve the best outcome, **use US as your main or only contact** – that way we can leverage things on your behalf, to your advantage.
- 4 If by chance you stumble across the “deal of your dreams” online say, – let us check it out for you, to ensure we are comparing apples with apples on every aspect. The old maxim applies – “if it seems is too good to be true, it probably is !”
- 5 If you need you current car valued, let us do the legwork – again, we can arrange for you to take your car into our “friendly dealer” to ensure you get looked after well – and we’ll even help you sell it privately should you wish to go that route! For cars up to say 5 years old, we offer a free listing on the MotorFleet facebook page. If you are selling privately, we can offer you a high quality warranty to make it easier for you to sell your car.
- 6 Finally, check out the testimonials on our website - and reviews on our **MotorFleet facebook** page if you want some idea of how we operate.
- 7 If you are a keen car “shopper”, and have the time to waste on this very time consuming, frustrating process, be our guest – and come to us with your best **written quote** – we’ll still see what we can do !
